VOL. XXVIII.—EIGHTEENTH YEAR. RICHMOND, CONTRA COSTA COUNTY, CAL., —TUESDAY, FEBRUARY, 26, 1918 NUMBER 35

Russia Turns On German Invaders

CUTTING HELD FOR CONTEMPT OF COURT BY FEDERAL JUDGE VAN FLEET

SAN FRANCISCO, Feb. 26—By ignoring a federal court order commanding him to pay to the master in chancery the sum of $500 as accounting fees of the master made on the 16th of January last, in the matter of the accounting ordered on complaint of Henry J. and Francis Woodward, stockholders in the Point Richmond Canal and Land Company, Henry C. Cutting was arrested yesterday for contempt of court on a warrant issued by District Judge William C. Van Fleet.

Cutting who has been doing a real estate business in Richmond for many years, resides in Hayward at East Fourteenth street and Orena avenue.

After Cuttings' arrest he was released on bonds of $1,000 and will have a hearing before the court on March 4th. According to officers of the court he was to have paid the chancery fees within ten days and failed to do so, hence the arrest for contempt.

MANY WAITING RESIGNATION OF JACOBS

Although Judge Hiram Jacobs was formally sworn in to act in the capacity of Deputy District Attorney in the office of District Attorney T. D. Johnston yesterday at Martinez, he has not yet tendered his resignation to the city council as police judge, although that action was expected by several anxious persons who believe they are qualified to fill the position. It is presumed that Jacobs will hold on to the office of police judge until such time as the council agree as to his successor in office. Evidently the members of the board have not yet decided as to who the new man will be.

Jurge Jacobs takes the position formerly occupied by T. M. Carlson, who departed Saturday for the aviation training camp where he will become a flyer in Uncle Sam's overseas squadron.

On Saturday evening the Woodmen of the World will play the fifth series of whist games in their tournament which is being conducted at their lodge rooms in Woodmen hall.

MERCHANTS OF RICHMOND IN BUSY SESSION

The Merchants Association held one of the best meetings since its organization last night. Forty of the members of the Association were present and discussions were had on many matters of importance to the business interests of this city and particularly pertaining to the retailer and consumer.

Two members of the Alameda Merchants Association were present and spoke on the matter of co-operative advertising. They are trying the project out in the Encinal City and with good success, according to the speakers and it may be that the merchants of ti tiashwyt the merchants of this city will give the plan a trial later.

The plan is intended to offer inducements to the local people to trade at home, thereby helping the local merchants and incidentally themselves.

REGULAR MONTHLY TEA OF LADIES AID SOCIETY

The Ladies Aid Society of the Wesley Methodist Episcopal church will give their regular monthly tea tomorrow afternoon at the home of Mrs. Glover, Fourth street and Nevin avenue.

A delightful musical and literary program has been prepared for the occasion. The ladies of Richmond are respectfully invited to be present and a warm welcome will be extended to them.

FISH SALES CHANGES MADE BY FOOD CONTROL

Sweeping changes in the method of selling fish between wholesaler and retailer were inaugurated by the state market director today. This was the outcome of a host of complaints from retailers to the effect that wholesalers were short-weighing them and in many instances had substituted smaller fish.

Henceforth fish must be sold wholesale by net weight, as well as in conformity with the weights and measures and net container acts.

Under the present state law it is found that it is a misdemeanor to sell fish by the box, or to make any substitution in the line of foodstuffs.

GRAIN LICENSE REVOKED FOR VIOLATION OF LAW

The United States food administration license No. 34281, held by H. P. Cox, a San Francisco grain dealer, was revoked for the period of the war today by Ralph P. Merritt, federal food commissioner for California on telegraphic authority of Herbert C. Hoover. This is the first drastic action of the kind taken in the state. Cox's license was rescinded after his testimony, according to Merritt, had shown that he had been speculating in rice.

The Mission at St. Mark's church begun last Sunday by the Dominican Father, Rev. J. D. O'Brien, has been an unqualified success. The sermon this evening will be preached by the Rev. Father Netterville, O. P.

SERVICE

It means something very definite to us.

1. It means, first, the absolute safeguarding of the funds entrusted to us.
2. It means intelligent, courteous treatment in all transactions.
3. It means a constant lookout for the best interests of our depositors and patrons.
4. It means honest, unbiased, carefully considered advice whenever we are consulted on business and financial matters.

It means, in short, the doing of all the things expected of an institution of this kind—IN THE BEST POSSIBLE WAY IT CAN BE DONE.

CHANCELLOR OF GERMANY DISCUSSES TERMS OF PEACE

Germany, through her chancellor, Count von Hertling, declared that a general peace can be discussed on the basis of the four principles laid down recently by President Wilson. However, the chancellor's acceptance was followed by the statement that the principles must be recognized by all states and peoples which stage, he said, had not yet been reached.

A court of arbitration is lacking, he said, adding that the tribunal of the world is prejudiced against Germany, which declines to be judged by it. He insisted that the entente war aims were still imperialistic, although admitting that the President's message is a "small step" toward peace.

The abject surrender of Russia was glorified in as leading to peace on the eastern front and a hint was thrown out to the Belgian government to enter into separate negotiations with Germany. The problem of Alsace-Lorraine continues to be held as having no international aspect.

AMSTERDAM, Feb. 26—The central powers intend to give self-government to the provinces of Courland and Lithuania, Imperial Chancellor von Hertling declared in his address to the Reichstag yesterday.

The chancellor asserted the central powers had freed Poland with the intention of calling an independent state into existence. The constitutional problem involved still was being discussed in its narrower sense, he said, by the three countries involved.

The operations of the central powers in the east, the chancellor said, were being carried out with the sole aim of securing the fruits of the peace with Ukraine. He added:

"We do not intend to establish ourselves in Esthonia or Livonia."

"Our war aims from the beginning were defense of the fatherland, maintenance of our territorial integrity and freedom of our economic development," said the chancellor. "Our warfare, even where it must be aggressive in action, is defensive in aim. I lay special stress upon that just now in order that no misunderstandings may arise in regard to our operations in the East. Their sole aim is to secure the fruits of our peace with the Ukraine."

LANG BABY'S FUNERAL TO BE HELD TOMORROW

The funeral of Dorothy Elizabeth Lang, the four-year-old daughter of Mr. and Mrs. Austin E. Lang, of East Shore Park, who died yesterday forenoon, will take place at the family home at East Shore Park tomorrow morning at 10 o'clock.

The funeral which is in charge of Undertaker E. B. Smallwood, will be conducted by Rev. Calfee and the remains will be interred in Sunset View cemetery.

EGG PRICES DROP IN SAN FRANCISCO MARKET

Eggs dropped five cents a dozen on the dairy board today. This is the first occasion in months that the wholesale price has fallen below 40 cents. The lowest price in 1917 was on February 27, when "extras" were quoted at 23½ cents.

Captain R. H. Van Fleet, who makes his home in this city when on duty, has enlisted in the engineering corps and reported for service in San Francisco today. He has been running a tow-boat for one of the transportation companies running out of Stockton for the past few months. He expects to leave for the war zone in France within a few days.

GUN THAT FIRED FIRST AMERICAN SHOT AT THE HUNS.—This photograph was taken in the gun pit where the shot was fired, a short distance behind the trenches, by a French Artillery officer. About the gun are grouped officers and men who were present when the shot was fired, and on a gun barrel is the battery mascot, a bull terrier that has a longer service record in the army than many men in the battery. The gun, as already announced is one of the famous French soixante-quinzes, the equivalent of the old American three-inch field piece, which the army in France has adopted. The men dragged it into position by hand a distance of several miles in order to have the honor of firing the first shot. The first shell case has been presented to President Wilson.

MASONIC WAR SAVING SOCIETY IS LAUNCHED BY LOCAL ORGANIZATIONS

Last evening there was organized the Masonic War-Savings Society of Richmond. This society will be composed of all the members of the Masonic Lodges in Richmond, members of the Royal Arch Masons, members of the Eastern Star Chapters, and members of the Order of the Amaranth.

The society was organized with the election of Mr. M. H. Carey, as President and Mrs. E. B. Axtell as Secretary. Application will at once be made to the National War-Savings Committee at Washington, D. C., for affiliation with the National War-Savings Society.

It is planned by those in charge of the War-Savings Campaign in Richmond to organize other War-Savings Societies. The objects of the War-Savings Societies are stated in Article 2 of the By-Laws, as follows:

The objects of this society are to promote systematic saving and self-denial on the part of each member so that labor and materials now employed in the production of those things which are not essential to our daily life may be used in the production of war materials and supplies, which our Government must have to enable it to win this war; to encourage economy and thrift in the community in which the members live; to work for the growth of the War Savings Societies; to invest in United States War-Savings Stamps and Thrift Stamps, and to induce others so to do, thereby helping the Government, the individual members of the society, and the community in which the members live.

Members are required to take the following pledge:

I pledge myself (1) To systematic savings; (2) To refrain from unnecessary expenditures and the purchase of non-essentials in order that labor and material now employed in the production of articles not necessary to my health and efficiency may be released for the production of those articles and supplies which the United States needs for the support of its Army and Navy; (3) To lend my earnest efforts to encourage thrift and economy in my country and to secure other members of this Society, and (4) To invest my savings in United States War Savings Stamps and Thrift Stamps and to encourage others so to do.

The next meeting of the Masonic War-Savings Society will be held at Bank Hall on Wednesday evening, March 13th, when it was planned to have a prominent speaker who will explain in detail the objects of the War-Savings Societies.

TO BE EXAMINED BY MEDICAL ADVISORY BOARD

The local medical examiners for the draft board has submitted the following named registrants for physical examination to the district medical advisory board at Merritt hospital, Oakland:

Frank Gomes
Pasquale Rosati
Giovanni Manna
Joseph Kabek
Lester Stromberg
Fred Caudel
Timothy Quill
George Panagakis

FIRST METHODIST AID TO HOLD MONTHLY MEET

The regular monthly business meeting of the Ladies Aid Society of the First M. E. church will be held in the church parlors on Friday afternoon March 1, at 2:30 o'clock. All members are urged to attend by Mrs. Owens, the secretary of the organization.

SLAV ARMY TO KEEP UP WAR UNTIL HUNS ARE SWEPT FROM LAND

WASHINGTON, Feb. 26—Arrangements have been made to move the Americans in Moscow to Samara, 500 miles to the east. No immediate occupation of Moscow by German troops is reported, but it was thought advisable to move the Americans.

LONDON, Feb. 26—Pskov, 175 miles southwest of Petrograd, has been recaptured by the Bolsheviki and street fighting is going on there, according to an Exchange Telegraph dispatch from Petrograd dated Monday.

The Red Guards are resisting the German advance everywhere.

The capture of Pskov by the Germans was announced in the official statement issued last night at Berlin.

DANGER WARNING

LONDON, Feb. 26—The Workmen's and Soldiers' committee for revolutionary defense, according to a Reuter dispatch, placed placards in Petrograd on Sunday making this announcement:

"The White Guard bands of Hoffman and William, advancing quickly by rail, have occupied Pskov, which is eight hours distant from the capital."

AMERICANS QUIT PETROGRAD

PETROGRAD, Feb. 26—A special train left Petrograd for Siberia Sunday night with fifty Americans, including a part of the embassy, and military staffs. There were also forty Japanese and a number of Chinese and Siamese on board. One hundred and two Americans are still in Petrograd, including twenty women and four children.

TESTED FOR ACCURACY—TRIED FOR PURITY
SOLD ON A MONEY-BACK GUARANTEE

REXALL PRODUCTS

—MEET EVERY EXACTING NEED
—FULFILL YOUR EVERY REQUIREMENT

—think of the tremendous savings that are effected by these 8,000 druggists operating their own factories, whose buyers are in every market of the world, and who, by their combined 8,000 store volume of business can buy far below the prices that the small druggist must pay, buying independently and manufacturing in limited quantities.

—Think with us for a moment of a co-operative organization of 8,000 druggists—each the best in his town—and you get a glimpse of the immensity of the Rexall organization.

—think of the Rexall manufacturing plants, covering acres of floor space, 9,000 employees, skilled chemists working in spotless laboratories, compounding medicines, perfumes and tolet requisities for you, from the finest materials the world offers.

—Think of the lofty policy that these 8,000 druggists have adopted and rigidly adhered to since the foundation of the Rexall organization. Those principles are:

1st—Honesty of Purpose
2nd—Skill in Manufacture
3rd—Purity of Drugs
4th—Satisfaction to User

NOW, Mr. Reader, think of what all this means to you—it means that back of every Rexall product you buy at a Rexall Store, there is this big organization, withits tremendous sakings earned by co-operative buying and manufacturing, its lofty ideals and its iron-bound guarantee of satisfaction. Surely it will pay you to buy all your drug and toilet needs at

LaMoine Drug Co.

Independent Democratic

THE PEACE GAINED BY RUSSIA

After the brave but merciful Kerensky and his followers of the middle classes had overthrown the czar and proclaimed a free Russia, the workingmen and soldiers came forward under those mouthing radicals and agitators, Lenine and Trotzky, and cried for peace. "We are poor workingmen," they declared, "and we want peace." We love our German brothers, who are workingmen, too. We all of us have to do the fighting and pay the costs. It is a nobles' war in Europe and a Wall street, and rich man's war on the part of America. We want a world peace and we will have it. We will not fight. We will disband our arms and insist upon peace. Fghting is silly and wrong. We are the powers that be now and we will violate our contract with our allies in the sacred cause of peace." Well, they have their peace. It was crammed down their yellow throats recently by the iron fist of the kaiser's generals. They must give up one-third of the fairest portion of Russia and all their seaports and billions of roubles for an indemnity to pay Germany for her trouble and expense in ravaging Russia. Here is the ideal peace that the pacifists and promisers and curbstone orators and backhall radicals and I. W. W. reds and impractical and selfish and shallow and loud and long talking leaders secured for their poor and deluded followers. Consider it, you American workingman or pacifist or visionary or dupe. How would you like such a peace from Germany for America? No land or indemnity, said Germany to little Trotzky, and he disbanded Russia's armies and piped and squeaked his big words about universal peace. What can he do about it now? What can Russia do? The bars are down and the sheepfold is open. The wolf enters and the sheep bleat. The only kind an unbeaten Germany knows anything about. And yet people will talk peace and listen to the German spies and propagandists and sympathizers who swarm in every allied nation upon the earth. It is a terrible picture, this Russian slave pen, but the world should walk up close to it and look and think earnestly and resolve greatly.

DEPRECIATING THE AMERICAN DOLLAR

It is said that the American dollar is worth only seventy-five cents in Spain, Denmark, Holland and other neutral nations. As to why this should be so no one seems to know. The balance of trade with these nations is in our favor by hundreds of millions of dollars every year. Today we are the creditor nation of the world and were never so rich and so strong. Yet our dollar is placed at only three-fourths value in that poor, pitiable, bed-ridden, halfbaked, half-bankrupted, pro-German country of Spain. Our citizens abroad must pay a dollar and aquarter of our money for a dollar's worth of Spanish merchandise.

This is probably due, if we might be permitted to hazard a guess, on the fact that Spain never knew a dollar of her own money to bring par in the market and she sees no reason why the money of any other nation should be worth more.

But the European nations have very little respect for anything American and there is nobody to blame for it but the Americans themselves. We have spent more than a century teaching the dinky nations over there just how insignificant we are. Now it is up to us to teach them that we are the greatest nation on earth and will not stand for any more of their foolishness, either in respect for our money, the people of this country and the nation itself.

Somebody wants to know why the city council does not do something to drain the streets in the vicinity of Eleventh street and Macdonald avenue. It is a wonder when you come to think of it, but when it rains it is impossible to do anything and when it don't rain the work is not needed, which is the philosophy of the Arkansas squatter.

Now that the Hun is getting reprisal in the way of air raids, there seems to be a disposition on the part of the kaiser to discuss peace in a remote way. According to the ideas of most Americans, this air raid business will get the kaiser's goat, if anything will. A few hundred tons of high explosives dropped judiciously on divers spots in his realm will bring the war home to him in a more forceful way than by exchanging shot and shell with him. Speed up the aero construction. Drive the kaiser out of the air and the allies will have him whipped to a frazzle.

Don't it strike you a little bit strange that we never hear anything about the submarine of the allies sinking anything—except themselves, of course. Every time one of them gets into deep water something seems to happen to them.

A Richmond real estate owner has got into trouble with the United States court. Thought he was dealing with a boob lot owner from one of the cow counties, doubtless.

Miss Columbia reports a deficiency of more than a billion and a half of dollars. That girl certainly needs an awful lot of pin-money.

"Your Herbs Wonderful"

So said Mrs. Perry, a well known public school music teacher, after drinking Fong Wan's Her Tea for female weakness, and gave the following testimony:
Oakland, March 3, 1917
For about a year I suffered from female weakness. I was bloated, feverish and thirsty, and had frequent hot flashes. My head was sometimes so hot and heavy that I was unable to teach. After having drunk the FONG WAN CHINESE HERB TEA for less than a month, my health is normal again and my work a pleasure.
MRS. M. E. PERRY,
876 Arlington Av., Oakland.

QUAKERESS MAID ATTRACTIVE FEATURE AT OAKLAND ORPHEUM

A little play with a charm like a breath of Spring violets, a comedian so uproariously funny that the rafters ring with the joy of the crowds; two of the most wonderful dancers the stage has ever seen, a remarkable collection of trained animals that perform feats of seemingly human intelligence, a comic caricaturist who can do many things besides draw, and a few other musical and comic novelties, these are the high lights of the week's bill at the Oakland Orpheum.

It is one of the most cleverly blended bills of the year, and with some of the most remarkable features seen in Oakland this season. It runs the whole gamut of the art of entertainment; contains practically all that there is in vaudeville.

John Hyams and Leila McIntyre, with their appealing little playlet "Maybloom" are the talk of Oakland. Everyone knows the clever couple, stars of a dozen big New York shows, and former vaudeville idols. Everyone remembers "The Quakeress."

The present vehicle is different from anything they have ever done. A clear and exquisitely cut little dramatic cameo, it blends wholesome laughts with the wonderful charm of the remarkable little star.

Then there is Stuart Barnes. He is the man who gets fun out of the lovelorn. He starts easily, with a few comic quips, then plays on the risibilities of his audience as a musican does on a flute, and the act ends in an uproarous gale of laughter. There are few in the theatre game who can do what Barnes does; none who do it as he does it.

The wonderful Zeigler sisters are the greatest dancing act in the varieties today. Young, beautiful, and dancers of rare grace, their act is a veritable gem of the stage. They are true daughters of Terpsichore, and incidentally, as Barnes says out of his world of wisdom in the show business, they not only dance with their feet, but with their brains and souls.

Elida Morris, the Lyric Lady, offers a lively bit of nonsense with some songs and some very charming music. Rouble Sims, the famous cartoonist, draws, jokes, and sings, and Apdales Circus, featuring the only trained ant eater in the world, is a clever offering.

Gertrude Hoffman, with her splendid company of 40 artists, is booked for Oakland in the near future.

VIOLA DANA in "BLUE JEANS"

Vilo Dana, the Metro star, comes into her own as the greatest of modern screen artists in the part of "June" in "Blue Jeans," showing at the Richmond Theatre today. While Miss Dana is known and her work is appreciated by hundreds of thousands of motion picture theatre patrons none of the vehicles in which she has appeared in heretofore have given her the opportunity to show her real class as does "Blue Jeans." It is confidently predicted that after the public sees the seven-reel Metro production that Miss Dana's pictures will be in greater demand than those of Mary Pickford, who made her first big hit in "Tess of the Storm Country."

The story is one of love and of a strenuous political battle in which all elements of intrigue and passion are displayed. Miss Dana as June, otherwise "Blue Jeans," is a wandering orphan who becomes the sweetheart of Perry Bascom, a rising young lawyer and a candidate for Congress. How their love triumphed over obstacles is the old story in a new and interesting setting.

SALTS FINE FOR ACHING KIDNEYS
We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.
Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.
You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus endng bladder disorders.
Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.
A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

Central Station Power Facilitates Production

War's demands on industry call for increased speed in production and an output many times above normal.

Government contracts for munitions, supplies, equipment, etc., are taxing the capacities of factories, large and small.

Labor, materials, fuels—all at present place before the manufacturer a series of gigantic problems never before equalled in the industrial history of this nation.

Many manufacturers are benefiting largely through the use of Central Station Power. In scores of industries it has proved its ready adaptability to the extraordinary demands of war time production.

Investigate today its particular advantages from your standpoint.

The services of our Electrical Engineers await your telephone call. 'Phone 115.

HIGH COST OF STREET WORK ASTONISHING TO COUNCILMEN

According to a bid filed last night with the city council for the work of resurfacing Standard avenue, it will cost the city fourteen and four-fifths cents per square foot for what is known as rock-filled asphalt. The bid was filed by Henry Wahl on behalf of the Municipal Improvement company, and it was the only one submitted. This appears to be a big price, but Mr. Wahl explained to the council that high figures was due to the present price of asphalt, which has more than doubled in value during the past few months. The council laid the awarding of the contract over for one week.

Aside from the plowing it will cost the city $100 per block to plant potatoes, according to the estimates prepared by Engineer Chapman and submitted to the council at the meeting last night. Just why the city of Richmond wants to go into the farming game is not clear, but somehow some of the members seem to be itching to do so. They tried it out in a small way last year and without results so why squander money in this manner. Then there is the matter of the municipal market "fiasco" which cost the city more than six hundred dollars, according to reports, though no public figures were ever made covering the transaction, but the council has not yet ordered the planting of the municipal garden and it may be forgotten, though three blocks of the land has already been plowed at the expense of the city.

The city engineer submitted a grade map establishing the official grade, covering that portion of the city north of Esmond avenue and east of Twenty-third street. The map was adopted.

On request of Fire Chief Roy Le Moine, Henry J. Schmidt, former lieutenant in the city's fire service, was granted an indefnite leave of absence. Schmidt is now fighting for Uncle Sam. O. N. Smith and E. H. Clark were officially appointed hosemen, and Vernon Andrews was promoted to acting lieutenant.

On complaint of City Engineer Chapman that there was considerable duplication of house numbers in various parts of the city, and that householders had refused in most cases to permit a change of present numbers, City Attorney Hall was instructed to prepare an ordinance empowering the Engineer to correct all errors in the present system of numbering.

The light committee recommended that an arc light be installed at the corner of Forty-seventh and State streets; that a light be placed at Clinton avenue and Twenty-sixth and that the light at the corner of Contra Costa and Standard avenue be moved to Clarence and Standard.

Engineer Chapman's proposed method of safeguarding traffic on Pullman avenue under the Santa Fe crossing did not meet with approval of the council on account of its expensive nature and was referred to a joint conference of the light and street committee for final settlement.

The city financial heads were authorized to invest surplus city funds to the amount of $100,000 in United States Treasury certificates. These pay good interest, and will be taken over by the Federal Reserve banks any time the municipality wishes to dispose of them.

Resolution No. 1062, directing the city to sell $20,000 worth of state highway bonds was adopted.

T. S. Underwood, writing from Eureka, Cal., offers use of lots 26 and 27, block 55, between Twelfth and Thirteenth streets, Richmond, to anyone desiring to use them for garden purposes.

A. Gianella was granted a transfer of liquor license from 526 Standard avenue to No. 2 Washington avenue.

A map showing the land which the S. F.-O. T. Railway offers the city in event the Sixth street crossing is improved, was tendered the city council. The land offered embraces an area of nearly two city blocks.

Mansfield & Berry were granted transfer of poolroom license from Dietrich Bros. at 406 Macdonald avenue.

A deed from the Bay City Land Company to land on the inner harbor was accepted by the council.

The City Attorney was instructed to prepare an ordinance providing for bi-weekly pay days to supercede the monthly pay-day now in operation.

Second reading of the new license ordinance was postponed for another week.

RUSSIA TURNS ON HUN INVADERS

(Cotinued from page One)

JAPS TO TAKE SIBERIA

HARBIN, Wednesday, Feb. 20—Japan, according to reliable authority, intends to take action in Siberia at an early date. Evidence exists showing that the Japanese have long be npreparing for this move.

The situation in Siberia is considered extremely grave, owing to the inability of the Cossack general, Semenoff, head of the anti-Bolshevik movement in that vast territory, to secure allied support, for which he has appealed to the Japanese.

Mr. Business Man, don't be a SLACKER, inlist yourself in the army of Record-Herald advertisers.

RAISING CHICKENS WITH A CHAMPION

GEORGE COOPER, OF SONOMA, SELECTING SEED CORN IN UNIVERSITY OF CALIFORNIA CONTEST

By MERLE TURNER
Of St. Helena High School
(Written for U. S. Food Administration)

In fact this effort I shall endeavor to tell how I cared for my flock by telling of my experiences that are just beyond the ordinary part of a chicken ranchers life. His experiments come into his life, but his conditions and mine are different; so are our experiences.

After the hens had settled down to their new conditions and had set a standard of feeding, I fed them all they wanted to eat, cooked wheat, dry wheat, milk, meat scraps, and charcoal. After about two months, I noticed the hens did not eat all the mash or drink all the milk. I stopped mixing in the middlings and started lowering the quantity of the mash; within a week I had stopped feeding mash and was trying to coax them to eat meat. I placed it before them wet, dry and every other way I could thing of to prepare commercial meat. To make them eat some meat I spaded the yard, giving them worms. In a like manner, I cut out the milk.

As the egg production stayed up I did not worry what would happen in the future. It was then that the hens reached the top mark in production. Also the hens began to show signs of setting; they were becoming fat and warm weather was coming on. I decided something had to be done, and done quickly. I cut the feed down and put a little epsom salts into the cooked wheat. Then I began to experiment to build up the feed until the hens had what they wanted, but no more. After cutting the feed down the hens took a sudden drop in egg production. I got an average of 15 eggs a day. The hens slowly came back to the standard production, but the laying was never steady again.

At the last, wishing to make the hens lay as much as possible, I purchased some bones from the slaughter house. The only ones I could get at the time were fresh bones. By cooking them I extracted enough neatsfoot oil to pay for the bones. Besdes taking out the oil, which I considered undesirable, the meat that was on the bones was made tender enough for the hens to pull apart. I broke the bones into small parts and cooked the gelatine with the wheat. This, I believe, was the only thing that kept the hens up at the finish.

During the rainy weather I had to put the wheat and the other feed inside, so I put two boards in one corner forming a shallow box, about 4x6 feet. Into this I threw straw, and the wheat into the straw. The hens had to scratch for the wheat, and formed practically the only form of exercise they had during the rainy weather.

My only other experience worth telling about was with a sick hen. I first noticed her standing in corners when the other hens were feeding. Soon she began to grow pale in the comb and wattles. I took her away from the other hens, and put her into a quarantine. I examined the outlines on chicken diseases and as near as I could tell she had inflammation of the crop and intestines. The directions for curing said to feed a soft mash with epsom salts or castor oil. I mixed a mash of grain, cocoanut meal and epsom salts. She would not eat or drink. I could easily force her to drink, but forcing her to eat was worse every day and as I did not have time to bother with her, I turned her loose to see what she would do. She would wander around in a beet patch, sometimes picking at something, but usually not. To settle the difficulty, I killed her.

QUEEN ESTHER SOCIETY FOR FIRST M. E. CHURCH

A meeting will be held in the church parlors on Friday evening for the purpose of organizing a Queen Esther Society. This is a Young Girls' Missionary Society.

Mrs. J. E. Platt, Conference Corresponding Secretary and Miss Mabel Bevier will be present to explain the work of the society.

A short program will be given, and refreshments served.

Every one cordially invited and a special invitation to all young girls.

MONTHLY MEETING OF THE EPWORTH LEAGUE

The Epworth League at the First Methodist Episcopal church will hold their regular monthly Business Meeting in the Epworth League room Friday March 1st, promptly at 7:00 o'clock so that they may be done before the meeting of the Queen Esther which will convene at 7:45 P. M.

The President, Mrs. J. P. Smith, expects every one to be present and on time. Preparations will be completed for a great social to be given March 8 in the same place.

Slogan, "Every Member Present."

Miss Ida Bradley, Sec

FIRST METHODIST CHURCH

March 3, 1918, at 11:00 A. M., Rev. H. E. Milnes, D.D., District Superintendent of Oakland District, will occupy the pulpit and preach for the first time to the congregation of the First M. E. church at the Point. The minister earnestly requests every member to be present and also the friends of the church in the community.

Dr. Milnes will be at the Sunday School which meeets at 10:00 A. M. and so the Sunday school superintendent wishes every scholar to be present at that hour.

The minister will preach in the evening at 7:30 o'clock.

Do not fail to hear Dr. Milnes Sunday morning.

J. C. Gillette, Minister.

AFTER SIX YEARS

Richmond Testimony Remains Unshaken.

Time is the best test of truth. Here is a Richmond story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. Jas. Wright, 1119 Roosevelt avenue, says: "I had heard Doan's Kidney Pills highly spoken of in England and when I had trouble with my back and kidneys, I got some at the Richmond Pharmacy. Besides the annoyance from backache, I often felt dizzy, was tired all the time, lacked strength and ambition and my kidneys were disordered. Doan's Kidney Pills removed all the distressing symptoms and I soon felt better in every way. I later had an attack of rheumatic pains in my feet and ankles and they were swollen. I again used Doans' Kidney Pills and they removed the uric acid from my system, benefiting me in every way." (Statement given January 23, 1910)

LASTING BENEFIT

On May 17, 1916, Mrs. Wright said: "The benefit I mentioned in my former recommendation has been permanent. Doan's Kidney Pills are certainly fine."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wright had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.—Adv.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness or struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membranes, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.
